An outgrowth below left eyelid was completely cured with homeopathic potencies

Muhammad Dastogir Sheikh

**DHMS (Dhaka), IDH (England)
Bangladesh**

Patient name: Md. Zohurul Islam

Address. Vill: Bonomalidiya.

Ps- Madhukhali.

Dist. Faridpur.

Country- Bangladesh.

Chief complaint of the patient:

Complaints include, stinging pain and tearing from my eyes. It aggravates during day time. One day when I woke up I saw a skin tag or warts-like on my left eye. After seeing this me and my family became very anxious.

Q – How long you faced this problem?

A – Around 8 to 9 months, I have been feeling this problem.

Q –How did this outgrowth start?

A –A flesh like outgrowth forms from my inner side of lower eye lid.

Q –Then?

A –It started growing bigger day by day.

Q –Do you feel any problem in your eyes?

A –It feels something stuck on eyes.

Q –Any more problem?

A –My eyes are swelling, water discharging and severe pain.

Q –When it aggravates?

A –During day hours.

Q –Any more?

A –It feels very uncomfortable and I feel scary now.

Q – Do you have problem in your both eyes?

A – No, only on my left eye.

Q – Do you have any difficulty in vision?

A – Yeas, I fell little haziness.

Q – Did you take any treatment?

A – Yes, I went to eye hospital. They advised me to go with a surgery. I came back from hospital as I don't wish to have a surgery. Someone told me there is good treatment in homeopathy that's why I came to you.
